## Sets Record Paul Mantz, flying non-stop in a single-engine P-1 Mustang fighter plane from Burbank, Calif., arrived over La Guardia field at 3:26:25 p. m. Friday, setting a new transcontinental speed record of five hours, 56 minutes and 40 seconds for propeller-driven aircraft.

## PRODUCTION IN RUSSIA SLOWED

Lagging Coal Output Is Holding Up Whole Economy Program

(By Associated Press)  
LONDON, March 1.—The Soviet council of ministers (cabinet) said today that a lag in Russian coal production was delaying the nation's economic development under the current five-year plan.

The council listed economic shortcomings of 1946 and "fundamental tasks" for 1947 in a degree broadcast by the Moscow radio to regional listening posts for publication throughout Russia. The Soviet monitor picked up the broadcast here.

"The coal industry, . . . experiencing the greatest difficulties as a result of the consequences of the war is lagging behind, thus holding up the development of other branches of heavy industry, railway transport and the whole national economy," said the monitor's abstract of the decree.

Bread Shortage, Too  
Only yesterday, the Communist party's central committee in Moscow, urging a drive for more bread, indicated that Soviet grain production was so far below the pre-war level that at least three years would be needed to regain that level.

Today's decree, as recorded by the Soviet monitor, said "resumption of the production of consumer goods is slower than warranted. The 1946 housing program is not fulfilled and this is causing a holdup of labor productivity."

Listed as "seriously lagging behind" Russia's needs were electrical and agricultural engineering and production of rails, rolling-stock wheels, pipes for the oil industry and equipment for the timber industry.

"Despite the fact that production of building materials increased in 1946," continued the report, "the increase, where development of the timber industry is concerned, does not meet the needs of the national economy."

## Congress Cool To British Plea For Greek Assistance

(By Associated Press)  
WASHINGTON, March 1.—Congress members of both parties called today for a blueprint of the obligations involved before deciding whether the United States should take over British commitments in Greece.

Legislators who talked it over with President Truman and Secretary of State Marshall at a Thursday White House conference remained uniformly silent, but other members said they want to know what the move will mean in terms of money and foreign policy.

Several said the issue is whether the United States intends to plunge further into Europe's turbulent political conflict between Communism and other forms of government.

President Truman pointed out this nation's desire for stability abroad last night with a declaration that "it is essential to economic and political reconstruction overseas that a new food crisis be averted."

Grain Exports Good  
He said if this country continues the present rate of shipments it will meet by the end of April an export quota of 400,000,000 bushels of grain and flour originally set for the end of June.

"The battle of food is by no means over," Mr. Truman said, declaring: "We must go beyond our program and continue to ship as much grain in May and June as we can, in the interest of world stability and freedom."

Coal shipments also must continue, he said, even at the cost of "sacrifice and considerable effort on our part."

The President's announcement was based on a report from his cabinet committee on world food programs.

The future of the Greek government, as well as the present regime

in Turkey, appeared at stake in reports that the British have informed this country they no longer can bear the financial burden of maintaining troops and relief organizations in Greece and aiding the Turks militarily.

Seeks Clarification  
Senator Taft of Ohio, chairman of the Republican policy committee, said he wants an official statement from the President or the State department on what commitments are involved before any attempt is made by this country to underwrite British financially in the Mediterranean area.

"Any such decision would involve a tremendous change in policy and I would not like to say now how I stand on it until I have all of the facts," he said.

34 Traffic Mishaps And 68 Arrests On City Police Chart

Salem had one fatal in 34 accidents during February, according to the report compiled by Police Chief Nerr Gaunt today. Arrests for the month totaled 68.

Theone fatal accident and the only one in Salem this year, was a car-jedestrian accident which resulted in the death of Mrs. Josephine Muntean of Lisbon on S. Ellsworth ave. Feb. 15.

Other accidents included: Auto-pedestrian, 3; two-car, 27; autos and fixed objects, 5.

46 Parking Tickets Issued  
Gaunt's records also show 46 parking tickets given out during the month as the police began an "educational" program preparatory to installation of meters here.

Two arrests were made for driving while intoxicated, 14 on intoxication charges, four for disorderly conduct, one on an out-of-town warrant and one for reckless operation.

Gaunt lists three grand larceny charges filed by Salem police during the month. Four petty larcenies were reported.

Three juveniles were taken into custody by police on burglary charges, one being sentenced to the Boys Industrial institute at Lancaster. The other two were placed on probation.

3 Persons Injured In Traffic Mishaps

Traffic accidents investigated by the state patrol Friday resulted in injuries to three persons.

## COMPRISE U. S. DELEGATION FOR MOSCOW MEETING

Army of occupation in Germany, Gen. Mark W. Clark, U. S. high commissioner to Austria, John Foster Dulles, Republican advisor on international affairs, and Benjamin V. Cohen, counselor of the state department. The four men head an advisory group of 84 United States diplomats attending the important conference. (International)

## SAVE 14 FLIERS AS SHIP EXPLODES

Men Who 'Chuted to Safety In Alaska Reached By other Planes

(By Associated Press)  
ANCHORAGE, Alaska, March 1.—Fourteen Army Air Forces fliers who parachuted from their flaming B-29 Superfortress Friday to safety on the Alutia peninsula were being cared for today at three different locations after their rescue by two amphibian planes which saw the big bomber go down.

The Superfortress was the third of its type lost by the Alaskan air command in a week.

The big craft, commanded by Lt. B. M. Johnson, Mason City, Ia., was flying northeast of Naknek when an engine caught fire and the men were ordered to bail out, the command's headquarters at Elmendorf field near here announced.

It was engaged in a search mission for another B-29 with 13 aboard, missing in the Mount Katmai region since Monday.

Included in the plane's personnel was Sgt. C. D. Harris of Covington, Ky.

Plane Explodes  
Two amphibian planes, flying over the area where the lost bomber vanished saw the fliers parachuting from their stricken ship which crashed at 2 p. m. (7 p. m. EST.) with an "explosion like Bikini."

Piloting the small craft were Orville Tosch of the Ray Petersen flying service, en route to Anchorage from Dillingham, and Dennis Fenno, owner of the Dillingham air service, en route from Egegik to Dillingham.

They landed on a lake a mile and a half away and were soon joined by another amphibian flown from Dillingham by Myron Moran. The three easily located all of the airmen who had "hit the silk."

Four of the men, who were not designated in the army list, were injured in the jumps, three of them slightly while the fourth suffered a dislocated hip. They were flown to a hospital at Kanakak.

Six others were taken to Naknek village and the remainder returned to their base.

The B-29 which crashed was one of the many army planes comprising the aerial armada, searching for the B-29 that disappeared on a training mission Monday, last reporting it was near Bruin pass on the mainland peninsula north of Kodiak.

JUNIORS TO GIVE 'DATE WITH JUDY'

"A Date With Judy" has been chosen by Miss Edith Cope, director, as the Salem High school Junior class play, and will be presented April 23, 24 and 25 in the High school auditorium.

## March Pussyfoots In; More Snow Falls

March pussyfooted into the mid-west today on a soft blanket of snow.

It was neither lion or lamb. Snow was falling again here today, with the mercury hovering at 26 degrees. The low in Salem last night was 11 above.

Chicago was on the northern edge of a snow storm which brought a light cover yesterday to the central plains states from the Rockies eastward to Missouri.

Snow was falling today in Missouri, Illinois, Indiana and the lower Ohio valley, while Kentucky and Tennessee got a mixture of snow, sleet and rain.

No extremely heavy falls were reported, although Springfield, Ill., had 5 inches, and St. Louis and Kansas City 6 inches each.

The U. S. Weather bureau predicted the snow would end tonight in Indiana, Illinois and Missouri.

It was a slow, steady fall, with no high winds or drifting. Temperatures were unchanged and seasonal.

## BLAST KILLS 10 IN JERUSALEM

Fifteen Others Hurt; 24 Missing After British Club Explosion

(By Associated Press)  
JERUSALEM, March 1.—A terrific Sabbath blast wrecked a three-story British officers' club in the heart of modern Jerusalem today and an official casualty list said 10 persons were killed, 15 were injured and 24 were missing.

Among the dead was a Jewish girl, employed as a receptionist at the club.

An officer at the scene said about 50 were believed to be in the building at the time, and "at least a dozen of them must have got it."

Twelve survivors were removed in ambulances within 20 minutes after the blast. Rescue crews clawed through the debris seeking the others.

An army officer said it would be "impossible even to estimate the dead and wounded in there."

Shoot At Guards  
An eye-witness said a number of armed men surrounded the three-story club a few minutes before the explosion and "began shooting at guards." It was not immediately learned whether the bomb was carried into the building or hurled from a passing car.

The explosion, shattering the traditional quiet of the Sabbath, occurred as nearly 1,400 uncertified Jewish immigrants waited in three British ships off Haifa for a final court decision on whether they would be shipped to Cyprus and detention.

Former Salem Man Killed By Truck

Mrs. Norma Rowan accompanied her son and wife, Mr. and Mrs. Don Rowan of Washingtonville, to Industry, Pa., on Tuesday where they attended the funeral of their nephew and cousin, Lawrence G. Rowan, 37, of R. D. 1, Industry, who was killed when struck by a hit-run truck in Freedom.

Rowan had left his car to remove a chain that was hitting his fender, according to his passenger, C. D. Smith, of Beaver, who remained in the car.

Mr. Rowan was a former Salem resident and attended the Salem public schools, before moving to Industry several years ago.

He is survived by his wife, Adah, and two small sons, Lyman B. and Larry A.; his parents, Mr. and Mrs. Hugh M. Rowan of New Brighton, Pa.; two brothers, Wayne, of Appleton, Wis., and John, of Mars, Pa.; and a sister, Mrs. Louis Orto of New Brighton.

He was a member of the Presbyterian church.

The tests include mathematics, English, history, science, reading interpretation, and language concepts.

Auto Kills Woman  
DELAWARE, March 1.—Mrs. Anna Catherine Evans, 62, was killed when struck by an automobile in front of her home last night.

## WALKOUT AT END; WAGES NEW ISSUE

Union President Says State-Wide Strike May Result

Threat of a statewide strike by members of the Ohio Federation of Telephone Workers (independent) faces the Ohio Bell Telephone Co., unless a current dispute involving union demands for \$12 weekly wage increase and a closed shop is settled by April 1.

This threat came today as some 700 Salem and Youngstown district Ohio Bell employees ended a walk-out after receiving union instructions yesterday to do so.

Announcement that the walkout had ended was made by Robert G. Pollock of Cleveland, president of the Ohio Federation of Telephone Workers.

Neither Pollock nor officers of the local unions would make a statement.

"We're going back to work, that's all there is to it," Pollock said.

Normal Service Restored  
The Ohio Bell Telephone Co. said immediate steps would be taken to bring service back to normal.

Strike started after three men were taken from cable splicing duties and put on toll testboard assignments, in connection with a new system of mobile telephone service.

The union said a seniority clause in its contract with Ohio Bell was ignored in two of the assignments.

Meanwhile, Federation President Pollock reported the union wired Secretary of Labor Schwellenbach and the U. S. Department of Labor last night of its intent to strike, and added the OPTW would begin immediate two-week bargaining by its local chapters to determine support of the conditional wage action.

At Cincinnati, the Cincinnati communications workers union, an affiliate, with the Ohio federation, of the National Federation of Telephone Workers, also filed a strike notice against the Cincinnati and Suburban Bell Telephone Co.

Two Sides Deadlocked  
Pollock said representatives of the federation and Ohio Bell had become "deadlocked" in negotiations since last Feb. 1 on the union's demands for the weekly wage increase "based upon the rise in the cost of living and the fact that telephone workers have lagged behind other employees in the country in obtaining deserved wage hikes."

The union official said the company had offered "zero" in the negotiations on a wage raise, but reported the federation would continue negotiations in an attempt to prevent a "statewide strike of our 10,000 workers, who are employed in every major Ohio city, and in many smaller communities."

Ohio Legislators Meet Again Monday

COLUMBUS, March 1.—Ohio's senate and house of representatives were adjourned today after the lower chamber passed the last of three state administration tax measures before going home for the weekend.

Passed and sent to the senate was a measure providing for re-enactment of the one-cent liquid fuel tax for another two years.

Yielding about \$15,000,000 annually, the liquid fuel tax bill plus the previously approved two-cent cigarette tax measure and the .65 of one per cent utilities excise tax bill would give the state an annual revenue of about \$32,500,000 from the three sources.

The new cigarette tax bill makes the levy permanent. The other two taxes are for two years only.

The vote on the liquid fuel tax yesterday as 103 to 13. An amendment submitted by Rep. Fred Hart (D-Summit) which would have split the revenue equally between the highway and general funds was defeated.

Legislative sessions will be resumed at 8 p. m. Monday.

## Only Kidding

Critics of efforts to salvage a few billions from the presidential budget are more than ever anxious now to have it known they were only kidding. They never had any real objection to saving some money; they just doubted if the Republicans really meant what they said about it.

It's now evident the Republicans meant it. The new question is whether the money to be saved out of the presidential budget of 37½-billion dollars should be used to reduce taxes, the national debt, or perhaps to do both. There is still a difference of opinion about that.

Tax reduction would help taxpayers now; it would offset price inflation to some extent. Debt reduction, on the other hand, would help taxpayers later. Either way the taxpayers would win. That's what the skeptics overlooked when they concluded the public wouldn't be interested in budget-cutting; they forgot that the public is composed of taxpayers.

## Hardly Statehood Material

Introduction of a bill in Congress to invite Iceland to become a state has caused precious little commotion for the simple reason that no one is taking it seriously, least of all, probably, the Icelanders.

Iceland would indeed be a wallflower in the sisterhood of states. Assuming that the college at Reykjavik became Iceland State University, would be able to hold its own on the football field against say, Michigan or Indiana, or even Bates or Middlebury? Not likely. A large catalog of racial and cultural differences could be drawn up.

Congressman Gearhart of California, who introduced the bill, says such action is necessary "with Russia extending herself in all directions and England and France clinging tenaciously to their respective empires."

If the way to halt Russian expansion is to invite all lands at which the Soviets are casting a covetous eye to become states, we shall soon be accused ourselves of having an expansionist policy.

## The Schismatic South

Reports from Georgia tell of sharp division in the state Democratic party over the Talmadge fiasco—a division that started a year ago when Gene Talmadge headed up a political reaction from the relatively enlightened party leadership of Ellis G. Arnall. This is additional evidence on the subject of the schismatic South.

In Georgia, in Mississippi, in Tennessee, Texas, the Carolinas and Florida dissident Democrats are struggling to break away from each other. Bilboism, the Talmadge affair, the discreditable role of Tennessee's McKellar in the Lillenthal hearings, the growth of an educated southern minority resentful of their section's reputation for backwardness—these are the circumstances for a political division. There are millions of southern Democratic followers tired of following the Bilbo, McKellar and Talmadges.

The South's one-party system may be reaching the end of the trail. The nucleus of a political opposition is in sight. There is a schism in Georgia. There is a schism in Texas. There are Democrats and there are Democrats—and if they had different names the two party system in the South no longer would seem beyond hope.

## Cause and Effect

The experiences we are having in this first quarter of 1947 are the effects of causes in 1946. There are almost no strikes, for instance, because in 1946 it was made evident to the leaders of this year's potential strikes that they would be pressing their luck in 1947.

But there is a shortage of freight cars in 1947 because in 1946 there were too many interruptions in production of steel. The effect of these interruptions is a shortage of steel for car repairs and new-car construction.

Automobiles, which were expected to be plentiful for the first quarter of 1947, are still in desperately short supply because in the first quarter of 1946 and thereafter during the year strikes handicapped their manufacture and the production of supplies used in auto production. There was similar interference in 1946 with manufacture of other durable goods which the public is eager to buy, but whose production was delayed, with a multitude of effects only now becoming fully visible.

Last year's concerted effort to stabilize wage rates for peacetime work at wartime levels is being felt now as goods produced at higher cost finally reach the consumer level. It is ironic when the same persons who last year were doing everything they could to force prices higher by raising the cost of production complain that prices this year are too high. They have failed to see the obvious connection between cause and effect.

But the connection is there. The whole country is paying the cost in higher prices of the things that were done during 1946 to make all kinds of goods and services more expensive. The purchasing power of dollars was diminished in 1946. Dollars therefore are purchasing less in 1947.

## GUARDING YOUR HEALTH

## New Drugs Aid Allergy Treatment

By HERMAN N. BUNDESEN, M.D. as those for hay fever but relief from their symptoms. The modern medicine.

The more we study the puzzling fact that substances which are harmless to the vast majority may bring about diseased conditions in the few, the more certain we become that this peculiar individual over-sensitiveness is at the bottom of far more disorders than hay fever, hives and asthma.

Recent investigation of the whole subject has given us at least a clue as to how allergy does its harmful work. There is a chemical in the body which is called histamine and it is thought that the substance to which the allergic patient is sensitive causes excessive amounts of this chemical to be formed and released into the body tissues.

## New Drugs

Recently, a number of new drugs which seem to counteract or prevent the action of histamine have been discovered. One of these is called pyribenzamine. A study of its effects on 27 patients revealed that relief of symptoms occurred within 15 to 20 minutes after the drug was taken and that this relief lasted from four to six hours.

Of 140 patients who had hay fever, 85 per cent obtained relief from their symptoms. Of 15 patients with acute hives, all but one were notably relieved. Of 44 with chronic hives, two out of three were greatly improved.

## Treatment of Asthma

The results of treatment of asthma were not as satisfactory

as those for hay fever but relief from their symptoms. The modern medicine.

### Hoover Calls For European Relief On a Loan Basis

WASHINGTON, March 1.—Former President Herbert Hoover called on congress today to put United States relief abroad on a loan rather than a gift basis.

He also urged establishment of the post of foreign relief administrator to coordinate this country's missions of mercy.

Only a day after he recommended that the United States spend \$475,000,000 for the relief of Germany alone over the 18-month period beginning last Jan. 1, he was called to give his view before the house foreign affairs committee on a proposed bill to expend \$350,000,000 in five other European countries and China.

Just back from making a three weeks survey of Europe's food needs, Hoover contends that relief for the other European countries should not be put at higher levels than those he recommended for Germany and Austria.

In his report to President Truman on the survey, Hoover said German civilian needs have "sunk to the lowest level known in 100 years of history. He recommended that the United States and Britain each spend half of \$951,000,000 on German relief.

Hoover offered nine specific recommendations for handling relief:

1. No relief other than food, medicine, seed and fertilizers should be furnished under all relief appropriations.
2. In some cases, limited supplies of clothing might be included.
3. Relief under our contributions should be limited to United States products and to transportation. We should not use American dollars to purchase elsewhere.
4. None of the funds should be used for countries which are able to pay in cash or secure credit or supplies through other channels.
5. Further careful estimate of need and costs of relief should be made after full consideration on the ground by specialists appointed by the United States Department of Agriculture, the United States Public Health Service and the International Emergency Food Council.
6. The distribution should be continuously under the supervision of, and satisfactory to, specialists from the agency named.

### U. S. OPERATING SURPLUS IS LOW

WASHINGTON, March 1.—An operating surplus of \$2,093,600,000 which the federal government had built up in the first eight months of this fiscal year was nearly half wiped out today.

The principal cause, treasury records showed, was a payment completing the \$2,750,000,000 U. S. subscription to the international monetary fund.

The payment also accounted primarily for a \$1,810,600,000 rise in the national debt to a total of \$261,330,900,000.

Still another effect was reflected in a reduction of the vast U. S. holdings of gold—comprising about half of the entire world's stock—by \$678,100,000 to a total of \$20,321,700,000.

This is still \$88,679,000 above a year ago, however, because trade exports have far exceeded imports and other countries have made up the balance partly by payments in gold.

### Alliance Made Device Eases Snow Shoveling

ALLIANCE—Here's a promise of relief for the snow-burdened males in the family.

The Alliance Engineering Co. is producing, at the rate of 1,000 a day, a novel snow-scoop.

The device, designed to eliminate sore backs from shoveling snow, is a curved metal blade and two long push-cart handles, supported by a pair of rubber-tired wheels. The blade, when pushed along a walk, slices into the snow and dumps it to one side.

### Clapp Is Rejected As TVA Director

WASHINGTON, March 1.—The senate public works committee voted 7 to 5 today to reject the nomination of Gordon Clapp as a director of the Tennessee Valley authority.

Chairman Revercomb (R-W. Va.) announced the committee's action but declined to say how individual members voted in the closed meeting.

Revercomb said, however, that he voted for confirmation of Clapp, new general manager of the authority.

Clapp was named to succeed David E. Lilienthal, who has been nominated for chairmanship of the Atomic Energy commission. The nomination was opposed in prolonged hearings by Senator McClellan (D-Tenn.) on grounds that Clapp permitted Communist activities among TVA employees.

Clapp denied any connection whatever with the Communist party or any sympathies with its principles.

(By Associated Press)

COLUMBUS, March 1.—The Ohio Supreme court ruled today that Republican Frank J. Raschig could hold his job as state public works director until next July 22, thus invalidating the appointment of Democrat John L. McCormick of Ravenna by former Gov. Frank J. Lausche.

The decision settling the six-day battle for the \$6,500 post came only three days after the Supreme court heard arguments.

McCormick had contended that Lausche's action in appointing the Cincinnati Republican to the post last July 22 was illegal because the state constitution called the post "superintendent of public works," rather than director.

The court held that under an amendment to the general code in highways from that of public works, 1927, splitting the department of there was a recognition or practical declaration that one and the

### Friends Sunday School Has Fellowship Dinner

Three words—"hearts, heads and heels" formed the nucleus for an inspirational talk given by W. L. Durkee, superintendent of the Akron First Nazarene church Sunday school, at a fellowship dinner Friday evening in the First Friends church.

Durkee pointed out that it takes people whose hearts are right in their relationship to God to build a Bible school.

God heads are needed in the organization of the school and to study its problems, the speaker said.

Heels are an important factor when used to call on contacts to interest them in Sunday school.

P. M. Johnson, teacher of a large Sunday school class in the Akron Nazarene church, gave a helpful talk, using for his theme, "Let us not be weary in well doing for in due season ye shall reap if ye faint not."

Special vocal music was provided by Mr. and Mrs. Durkee and daughter, Joan, and Helen Johnson with Mrs. Johnson as the accompanist.

The committee in charge was composed of Mr. and Mrs. Henry Wolfgang, Mrs. Raymond Rother and Samuel Rea, Jr.

Mr. Wolfgang introduced the speaker.

The affair was for the Bible school teachers, assistants and members of the orchestra, their wives, husbands and guests.

A yellow and green motif was carried out in the table appointments. Lighted candles and potted plants completed the decorations.

### \* WE, THE WOMEN

By RUTH MILLETT

HERE IS HOW one veteran and his wife living in cramped quarters with their two small children and not having enough money for evenings out have solved the problem of "getting away from it all" without going anywhere.

Says the wife: "One evening a week I fix the children an early supper and have them ready for bed when Jim gets home.

"Then with the house peaceful and quiet and completely ours, we

cook our favorite meal, complete with wine and candlelight.

"It's the one meal of the week when we can talk without having to stop to make explanations to the children, to urge Junior to eat his carrots, etc.

"And since we make an occasion of these evenings, they are really as much fun as going out together.

### PLAN SPECIAL EVENING

There is one way a couple with little money for baby-sitters and restaurant dinners have solved the problem of making a place in their hurried, crowded lives for a little of the kind of companionship they had when they were first married.

It is a problem that other young couples with small children, living in trailers and too small apartments might try.

If they can't manage to go out together as often as they would like, they can at least plan some special evenings at home. After all, it is the companionship that matters, not the going out.

# Clippers Go Wild In Rebound, Defeat Leavittsburg 78-50

## Lee Thomas Astounds Big Crowd At South By Dumping Set Shots With Perfection

Everyone expected Columbiana's Clippers to rebound from a poor night against Youngstown South Friday night—and the Clippers did it in a big way.

Coach Johnny Cabas' lads hit set shots with uncanny accuracy and rolled up a 25-6 margin over Leavittsburg in a first quarter that had the 3,200 fans at South completely amazed. The final score was 78-50, with Clippers reserves in most of the way.

Diminutive Lee Thomas, the lad who still looks half his 17-years, amazed the crowd with an exhibition of shooting that was nearly unbelievable.

The victory makes Columbiana sectional champions for the fourth straight year and moves the Clippers, along with victorious Springfield Township and Lowellville, into the district tournament at Kent next week.

Drawings for the Kent district affair will be held Sunday afternoon. Twenty-two teams will be in the Kent affair.

The lanky Senior tosser bagged six of 10 attempts from the middle of the 88-foot South floor in the first period and caged one of four tries in the second. Besides that he added two fouls for a 16 point total in a little less than two periods of actual play.

Thomas was not alone in scoring scampers, as always dangerous Rich Perkins, an aggressive and potent Junior, racked up 17 points and a foul for the evening's high.

Perkins was the "work in" boy for the Clippers and consistently broke through underneath for perfect lay-up shots. He also added a few impressive set-shots from the center of the floor.

The Clippers, mainly through Thomas' shots, were uncanny in the first frame and a half. In the first frame they nailed 12 of 27 shots and meshed six of 14 in the second frame, with the reserves taking over for three minutes of play.

Columbiana led 25-6 at the quarter and 40-20 at the half. By the close of the third frame, after the starters had rolled up 10 rapid-fire points and then were taken out by Cabas, Columbiana had the baffled Leavittsburg by a 62-31 margin.

Cabas didn't use his varsity from early in the third, but the Clippers continued to roll. The reserves scored seven points in the fourth before the losers could tally a single point.

With the much poorer shooting

## Steal Bases, Not Bikes, Baseball League Urges

ALLIANCE—The National Hot Stove league works on the principle that a boy who devotes his time to learning how to steal second base won't be arrested for stealing some other youth's bicycle.

Alliance is now the headquarters of the league, which was founded in Selma, Ala., in 1935. The organization has grown to more than 100 chapters in the United States and Canada.

Activities of the Alliance chapter are typical of other units throughout the country. Last season the Alliance unit sponsored five baseball leagues for young players, ranging from Class A down to Class E. There were 32 teams in all.

Industrial firms provide funds with which to purchase baseball equipment and at the close of each season an all-star benefit game is staged to obtain money for a hospital fund with which to defray the cost of caring for injured players.

Alliance authorities report that since the chapter began operating a substantial baseball program, a marked decrease has been noted in juvenile delinquency cases.

Officers of the Alliance chapter, who also are national officers, corresponded during the war with many servicemen who were interested in the league's activities and in organizing chapters.

Baseball interest is kept alive during the winter season by importing major league players and club managers to address meetings and answer questions.

## Second Guessing

By DON E. BEATTIE  
News Sports Editor

### Remember That Great 1927 Team?

JUST AS A MATTER OF REFRESHING memories of basketball fans who have followed Salem's cage activity for the past 20 years, a look back at that sensational 1926-27 team which went to the state semi-finals in Columbus is well worth while—especially in view of the fact that this year's team has its eyes set on a Columbus trip and the record to back up its ambition.

There are a number of good parallels to be drawn between the two teams and a lot of fans are remembering that Salem has sent teams to Columbus in 1927, 1937 and now its 1947.

That famous Quaker team of 1927 went through the season with 13 victories and one loss against scholastic opponents and also posted victories over the Alliance Sigma Nu's and the Goodyear team from Akron. The squad, coached by Wilbur Springer and beaten only by Youngstown South, which also went to Columbus that year, piled up 832 points in 22 games against 384 for all its foes in regular season's play. That was an average of nearly 38 points a game as compared to only 17 for the opposition.

THE TEAM HAD AS ITS two most sensational stars Mal Rush, the high scorer, and Bob Campbell, now a board of education member here, who was the pivot man, the top defensive man and the "key" to the team's power. The News reported 20 years ago.

"Red" Braman was sports writer for The News in those days and his accounts of Salem's progress through the district tournament at Akron and later at Columbus carry detailed accounts of a "basketball-mad community," widely following a great team through the difficult tournament routes.

Salem made its debut at Akron that season, winning the first game 22-18 over Ravenna as Rush scored 16 of the points. The second game was played the same day and the locals whipped Warren 32-14 "as 300 exuberant Salem fans witnessed the tilt in Goodyear gym." The News story relates.

AFTER DEFEATING WARREN, Salem drew Canton McKinley and the contest saw 500 Salemites trek to Akron to watch Springer's charges win 25-22 as Rush again led the way with 11 points. He scored 44 of Salem's 81 points in those first three tournament games.

The McKinley victory moved the Quakers into a contest with Elyria, a team they measured only 22-16 as foul shooting paved the way to victory. Rib Allen was high that night with six points, Rush and Campbell getting five each.

In the district finals, a game which produced a mild revolution in Salem one Saturday night, the Quakers whipped a highly touted Akron St. Vincent's outfit 24-15, limiting the Akron champs to but two field goals.

THE CELEBRATION THAT FOLLOWED the St. Vincent's game in Salem made headlines. The story describes the scene as the district championship Salem team arrived home amid the parade of "more

Dover in the finals that night. Bob Campbell and Mal Rush were named to the All-Ohio Tournament first team. Toledo getting one position and Dover the other two.

## BILL PAULINE ROLLS 299 GAME IN LEAGUE MATCH

Leaves Seven Pin Stand In Final Frame To Miss 300

Bill Pauline, veteran city bowler, rolled a 299 game Friday night with the Stoffer team in the Washington league to establish the highest single game ever rolled in the Salem bowling association history in league competition.

Pauline's cross-alley ball was working with perfection and only a wobbly seven pin that refused to go over in the twelfth frame kept him from entering bowling's hall of fame with a perfect game.

In addition to the single individual game mark, his outstanding keeping enabled the Stoffer five to set two other league marks. The 1923 team mark for their third game is a league mark for the year as is Pauline's 649 series. His other two games were 172 and 178.

The Stoffer team is made up of Salem men and includes Pauline, "Dutch" Taubler, Mike Hutter, Glen Orsch, and Jim Jackson. Taubler and Jackson hit 211's while Pauline was getting his big count, and helped establish the high team score.

Pauline came near the magic 300 mark several years ago when he punched the maples for 289 on the Masonic lanes.

He will bowl with the Bowling Center team tonight in the state tournament in Toledo.

## Junior High Cage Event At Lisbon

LISBON, March 1.—An invitational tournament for Junior High basketball teams will be held here next week with 15 quintets entered. Jack Mills, Lisbon High basketball coach, announced.

The tournament will open Monday evening and the finals will be played Saturday evening, March 8, as a preliminary to a Lisbon Legion-Youngstown Collegians game. Opening the tournament at 5:30 Monday the Lisbon Junior High No. 2 team will meet Louisville, with Leontonia and Wellsville playing at 6:30 and Sebring Juniors matched with Minerva at 7:30.

On March 5 the tournament will feature Chester vs East Palestine's No. 1 team at 5:30; Braceville vs Goshen at 6:30; Champion vs East Palestine's No. 2 team at 7:30 and Lisbon's No. 1 team vs the Fairfield squad at 8:30.

Only three games will be staged on March 7 in seeding for the semifinals on Saturday afternoon, March 8. Friday's first game is to begin at 6:30 with the winner of the Leontonia-Wellsville game playing against the champion of the Chester-East Palestine No. 1 battle.

The 7:30 game will be between the winner of the Sebring-Minerva vs the winner of the Braceville-Goshen contests. The victor of the Champion-East Palestine No. 2 battle will meet the Lisbon No. 1 Fairfield winner at 8:30.

Track Suits Run Without Runners

SPRINGFIELD—The "thin clad" of Springfield High School took off on their fastest race the other day. A 50-mile-an-hour storm hit the city, unclothing the house of scholars. Track Coach L. G. Ronemus.

The track team's uniforms and equipment, stored in the attic, accompanied the roof.

Ronemus said he recovered most of the equipment, scattered over a 16-block area.

"I wish my high jumpers could boost these shorts this high," he chuckled as he retrieved part of a uniform from the branches of a towering tree.

There was no doubt, when this one was over that Lesnevich—32 years old, veteran of a dozen years of the wallop wars, and just a good game guy up to now—really had the customers roaring for him as he's never had before.

Canton Lehman, the seeded team Salem probably will meet if all goes as expected, meets Canton Central Catholic at 7. Canton Lincoln meets Minerva in what should be a close game at 8 and a tarter is set for 9 when Youngstown East and Hubbard square away.

A top crowd is expected for the evening.

**BOUDREAU THINKS SOUTHPAWS HELP**  
Has Good Crew of 'Lefties' This Year and Feels It Will Help Club

(By Associated Press)  
TUCSON, Ariz., March 1.—Manager Lou Boudreau believes his Cleveland Indians will be strengthened considerably this season by southpaw pitching.

The Tribe has been weak in this department for several years, but there now are four lefties in training camp trying to win places on the staff, Boudreau believes that two of them—Gene Bearden and Bob Kuzava—have excellent chances.

Les Willis and Dick Rozek also have impressed the manager but they're a little behind the others.

"I would say right now that Bearden and Kuzava have excellent chances to become regular starters during the season," Boudreau said. "They've been showing us some pretty good stuff."

Bearden, a six-foot 200-pounder, compiled a 15-4 record at Oakland in the Pacific Coast league last year and Kuzava started at Wilkes-Barre in the Eastern league, winning 14 and losing only six games, before the Indians called him up last summer.

Willis, 35, was acquired in the draft and has been known for good relief hurling. Rozek was recommended to the Indians by Bob Feller, who had the youngster under him at Great Lakes training station. He never has played in organized ball but Feller says he's a great prospect.

Pitcher Bryant Stephens came to terms yesterday after talking over the phone with Tribe President Bill Veck. Eighteen of the 19 pitchers on the roster now are in camp.

**Lesnevich Halts Billy Fox In 10th**

BY SID FEDER  
NEW YORK, March 1.—Gus Lesnevich, who has always been just a "good" fighter to the fans but never one to raise their blood pressure woke up today to discover he not only still has his light-heavyweight championship, but is the hottest thing around these parts since the invention of steam heat.

It was how he did it—fighting a smart, heady fight, and weathering a storm that had him hearing the birds at one point. And finally taking on a strong free-wheeling Philadelphia youngster with the greatest knockout record in history—43 straight and caving the roof in on him.

There was no doubt, when this one was over that Lesnevich—32 years old, veteran of a dozen years of the wallop wars, and just a good game guy up to now—really had the customers roaring for him as he's never had before.

**Class A Meet Resumes At South Tonight**  
Class A tournament competition resumes at South field house, Youngstown, at 7 tonight, getting down to the bracket Salem is included in.

Canton Lehman, the seeded team Salem probably will meet if all goes as expected, meets Canton Central Catholic at 7. Canton Lincoln meets Minerva in what should be a close game at 8 and a tarter is set for 9 when Youngstown East and Hubbard square away.

A top crowd is expected for the evening.

**BOUDREAU THINKS SOUTHPAWS HELP**  
Has Good Crew of 'Lefties' This Year and Feels It Will Help Club

(By Associated Press)  
TUCSON, Ariz., March 1.—Manager Lou Boudreau believes his Cleveland Indians will be strengthened considerably this season by southpaw pitching.

The Tribe has been weak in this department for several years, but there now are four lefties in training camp trying to win places on the staff, Boudreau believes that two of them—Gene Bearden and Bob Kuzava—have excellent chances.

Les Willis and Dick Rozek also have impressed the manager but they're a little behind the others.

"I would say right now that Bearden and Kuzava have excellent chances to become regular starters during the season," Boudreau said. "They've been showing us some pretty good stuff."

Bearden, a six-foot 200-pounder, compiled a 15-4 record at Oakland in the Pacific Coast league last year and Kuzava started at Wilkes-Barre in the Eastern league, winning 14 and losing only six games, before the Indians called him up last summer.

Willis, 35, was acquired in the draft and has been known for good relief hurling. Rozek was recommended to the Indians by Bob Feller, who had the youngster under him at Great Lakes training station. He never has played in organized ball but Feller says he's a great prospect.

Pitcher Bryant Stephens came to terms yesterday after talking over the phone with Tribe President Bill Veck. Eighteen of the 19 pitchers on the roster now are in camp.

## Ross Mellinger To Head New Leetonia Civic Club

LEETONIA, March 1 — H. Ross Mellinger of the Mellinger Lumber Co. has been chosen as chairman of the newly organized club of merchants, professional men and women and manufacturers of Leetonia.

Miss Ruby Angleymer, secretary of the Peoples Federal Savings and Loan association, will act as secretary.

It was decided that the officers serve for a period of three months, the officers would be passed around quarterly so that all interested could take an active part in the affairs and plans of the group.

At the suggestion of Harold Hope, manager of the Manor theater, the organization for the present will be known as the Leetonia Businessmen and Manufacturers club. The club will assemble the second and fourth Tuesdays for a noon-time meeting.

It was the general consensus that

the organization could do a lot toward securing new industries and setting up a progressive program for Leetonia.

**Heads 4-H Club Drive**  
Chalmers Lodge has been named local chairman of the Ohio 4-H Club Foundation which has been established at Ohio State university by the 4-H clubs of Ohio for the purpose of providing scholarships and other aids for 4-H club members, former members, advisors and leaders. The goal for Leetonia and Washingtonville is \$100.

This amount is to be raised among the manufacturers and merchants of the community and is in addition to the \$1 per member which the 4-Hers are asked to raise within their own clubs. This campaign starts March 3 and lasts one week.

A dance will be held this evening beginning at 9 at the Sons of Italy hall, Main st., the proceeds of which will be forwarded to the agency handling "relief for Italy."

**Compose New Song**  
A new song entitled "Sons of Yesterday" will be broadcast from station WJZ, New York City, at 8:45 a. m. Monday during "Rose Rio's Morning Serenade." The song was composed by Robert Thomas and his sister, Helen Thomas of R. D. 2, Leetonia. Miss Thomas wrote the words and Mr. Thomas, the music.

### New Brighton Fireman Killed In Car Accident

NEW BRIGHTON, Pa., March 1 —Uriah S. Couch, 58, former president of council and member of the volunteer fire department, was killed last night when a taxicab collided with a fire truck on which he was riding.

## Lewis Awaits New Strike Overtures

WASHINGTON, March 1—John L. Lewis wrote Senator Capehart (R-IND) today that no overtures toward a new contract to operate the nation's soft coal mines have been made to the United Mine Workers of America.

Answering a series of questions put to him by Capehart, Lewis said that negotiations on any new contract which would keep the mine workers on the job after the March 31 deadline he fixed last December in calling off the strike depend "solely upon the government and the mine operators."

"Since Dec. 7, last," Lewis wrote Capehart, "the United Mine workers have been publicly on record as willing to negotiate a new wage agreement for the bituminous industry, either with the government or the associated coal operators."

"During the period from Dec. 7, last, to date, no overtures of any character on this subject have been made to the United Mine Workers of America."

### Woman Dies In Fire

COLUMBUS, March 1—Twenty neighbors failed today to save the life of Mrs. Evelyn Davis, 25, who died in the flames which destroyed her one-story frame home in suburban Marion township.

The woman's husband, Winford, was burned severely in the fire which baffled attempts of neighbors to enter the house.

### Faces Deportation

HAVANA, March 1 — Charles (Lucky) Luciano's appeal from a presidential decree ousting him from this country has been rejected by the Supreme court of Cuba, and the former New York vice king faces imminent deportation to Italy.

## Herbert Won't Support Daniels-Cramer Bill

COLUMBUS, March 1—Gov. Thomas J. Herbert refused flatly today to endorse the Daniels-Cramer school bill when asked by a delegation of Marion county school officials to do so.

Instead, the governor told them the schools would be given a "substantial increase" in state funds but the amount would have to depend upon the amount required to finance other state activities.

The governor also made it clear that he would not permit any tax increase in order to give the schools all they are demanding.

"I do not propose to increase taxes in the state of Ohio at this time," the governor replied in answer to a query from county superintendent D. T. Mills if there was anything to prevent an increase in the sales tax or opening up other sources of revenue.

Herbert said the Daniels-Cramer bill would cost \$100,000,000 a year, or an increase from \$59,000,000 which he indicated could not be given.

**Money Rains Down**  
TIFFIN, March 1—Five, ten and twenty dollar bills were wafted through the air to distract firemen yesterday while a truck of household goods blazed. The firemen counted up \$1,500, and Mrs. Andrew Cross, owner of the shipment, explained the money was in a jar which burst in the heat.

## Groom, 12 Horses Perish In Blaze

(By Associated Press)  
HOT SPRINGS, Ark., March 1—A groom burned to death and approximately 12 thoroughbreds perished in a fire which destroyed two stables early today at the Oak Lawn race track.

The groom was tentatively identified by Police Sergeant B. N. West as Junior Kindell, about 21. The body was found near the end of one of the stables where the blaze was believed to have started.

Oak Lawn is in the midst of its annual 30-day racing season, and approximately 700 horses were stabled in the area of the fire. Some of the horses were led to safety. Others broke loose. Several wandered into the downtown section of Hot Springs.

Among the horses stabled in the destroyed barns were those from the George McFarland stables in Ohio. McFarland's groom, Estell Burgess, said the horses missing from that stable included Parchie, Sly Manner, Jack Morley and Nogales.

## Leeson Is Appointed To Leetonia Committee

LEETONIA, March 1—Mayor Fred W. Galleys has added the name of Joseph Leeson to the Park committee of which Frank Aiken is chairman.
